### NDPL ENERGY CLUB Organizes Workshop on Energy Conservation

Date - JAN 01 2007

**New Delhi, Jan 01, 2006: NDPL Energy Club** today organized a **Nodal Training Center (NTC) Workshop on energy conservation for 25 old participating schools of Energy Club at Government Boys Senior Secondary School, K Block; Jahangirpuri**. There are total 50 participating schools out of which 25 were added in December 2006. Under the **Nodal Training Center Workshop**, each old school undertakes to impart training to the new school which has joined the **NDPL Energy Club**.

The **NDPL Energy Club** was formally launched at **Prabhu Dayal Public School on 8th October 2004**. It is an endeavour by **North Delhi Power Limited (A joint venture between Tata Power and Delhi Govt.)** in association with **REACHA (NGO)**. It seeks to sensitize children from classes VI - IX in schools on issues relating to **Energy, Indian Heritage, Citizens' Duties and Rights** that need to be addressed immediately. Children as ambassadors of positive social change are involved in two basic projects in the schools as part of the **NDPL Energy Club**:

- Project **CONSERVE** (**Conservation of Energy Resources through Verification and Experimentation**) - Here each student monitors the pattern of electricity consumption at home and school, uses the electricity bill for assessing the present consumption; applies conservation techniques as explained by **Team URJA** experts and seeks to save energy. The later bill reflects these positive changes.
- Project **NEST** (**Neighborhood Energy Sensitization Task**) - Here each student seeks to sensitize five known neighbors over a period of 2-3 months and help them replicate the learning's from the Project **CONSERVE** at their respective homes.

This way each child associated with **NDPL Energy Club** over the next 4-5 years actually becomes active conservationist through practice and sensitization.

Said an **NDPL Spokesperson**, "**Energy Club** aims to create awareness amongst school children for judicious **usage of electricity** and inculcates a sense of responsibility towards energy conservation".

#### **About the company**

**NDPL is promoted jointly by Tata Power and Government of NCT of Delhi.** The company became operational on **1st July 2002** and has initiated efforts to improve the power distribution in **North and North West Area of Delhi**. The initiatives include **scientifically detecting the weak spots in the grid stations, providing reliability to the network, and their rectification; introduction of new meters** to minimize the human error and a number of consumer priority initiatives like **providing drop box facility for bill payment, increasing bill payment timings, organizing camps for meter regularization and settle pending cases**, etc.
